

PRIMARY STARSkate VIDEO EXTENSION REQUEST FORM

After attending a Primary STARSkate course you have two years to become fully Primary STARSkate certified. You must complete 50 hours of practice coaching and submit three Primary STARSkate video lessons...one mandatory stroking or skating skills lesson and two additional lessons based on the following selection: Jump, Spin, Interpretive, Dance, Synchronized, or Pairs. It is important to clarify that you do not have two years to submit your Primary STARSkate video for marking but you have two years to become fully Primary STARSkate certified.

In extenuating circumstances, where the two-year deadline to become Primary STARSkate certified from the date of completion of the Primary STARSkate course has not been met, coaches may be granted an extension to complete the Primary STARSkate Certification requirements.

Such a request must be made in writing detailing why the requirements could not be completed within the two-year deadline. The candidate will pay an administrative fee (late fee penalty) of \$25.00. The extension period should not exceed 12 months. In all cases, coaches must be a registered member of Skate Canada.

Extension deadline not met:

In cases where the coach has not met the 1 year extension deadline and has not yet achieved a full Primary STARSkate certification, the following requirements need to be fulfilled successfully:

- 1. The coach candidate must complete a 15-hour mentorship training session with a Mentor Coach who is ISPC certified or higher with at least 10 years of experience. A written letter from the Mentor Coach must be sent to the Section Course Administrator once the coach in training has fulfilled this requirement successfully.*
- 2. Audit the full Primary STARSkate course.*
- 3. Once the coach candidate has audited the Primary STARSkate course, the Section Course Administrator must provide a written letter to the Primary STARSkate "trained" coach indicating that he/she is eligible to register as a Skate Canada Coach for the current membership year and must complete the video evaluation requirements as quickly as possible.*
